

JOURNAL OF DAIRY SCIENCE

Contents

<i>A Filtration Method for Determining Sediment in Roller Process Nonfat Dry Milk Solids.</i> D. R. STROBEL AND C. J. BABCOCK	167
<i>The Effect of Raw Soybeans on Blood Plasma Carotene and Vitamin A and Liver Vitamin A of Calves.</i> J. C. SHAW, L. A. MOORE AND J. F. SYKES.....	176
<i>A Study of the Effect of Nordihydroguaiaretic Acid on the Oxygen Absorption of the Phospholipid Fraction of Milk. I. The Effect of Concentration of Antioxidant.</i> J. W. STULL, E. O. HERREID AND P. H. TRACY	181
<i>A Study of the Effect of Nordihydroguaiaretic Acid on the Oxygen Absorption of the Phospholipid Fraction of Milk. II. The Effect of Synergists, Metallic Catalysts and pH.</i> J. W. STULL, E. O. HERREID AND P. H. TRACY	187
<i>Comparative Efficiency of Intracervical and Intrauterine Methods of Insemination in Dairy Cattle.</i> H. J. WEETH AND H. A. HERMAN	195
<i>The Relation of Site of Semen Deposit to Breeding Efficiency of Dairy Cattle.</i> C. W. KNIGHT, T. E. PATRICK, H. W. ANDERSON AND CECIL BRANTON	199
<i>Feeding DDT and Alfalfa Sprayed with DDT to Calves.</i> J. W. THOMAS, P. E. HUBANKS, R. H. CARTER AND L. A. MOORE	203
<i>The Relation of Surface Growth to the Ripening of Minnesota Blue Cheese.</i> H. A. MORRIS, W. B. COMBS AND S. T. COULTER	209
<i>Effect of High Temperature Heat Treatment of Milk on the Ammonia Content.</i> PARASKEVI STROGYLI, I. A. GOULD AND B. C. JOHNSON	219
<i>The Relationship of Semen Production to Sexual Excitement of Dairy Bulls.</i> W. J. COLLINS, R. W. BRATTON AND C. R. HENDERSON	224
<i>Paper Partition Chromatography of the Free Amino Acids in American Cheddar Cheese.</i> FRANK V. KOSIKOWSKY	228
<i>The Liberation of Free Amino Acids in Raw and Pasteurized Milk Cheddar Cheese during Ripening.</i> FRANK V. KOSIKOWSKY	235
<i>Genetic Correlations between Five Body Measurements, Weight, Type and Production in the Same Individual among Holstein Cows.</i> R. W. TOUCH-BERRY	242
<i>Substitutes for Fluid Milk in Feeding Dairy Calves.</i> H. D. WALLACE, J. K. LOOSLI AND K. L. TURK	256
<i>Electrophoresis of Milk Proteins II. Some Effects of Methods of Preparation on the Electrophoretic Patterns of Whey Proteins.</i> WILLIAM G. STANLEY, C. H. WHITNAH AND A. C. ANDREWS	265
<i>A Rapid Method of Testing for Quaternary Ammonium Compounds in Milk.</i> D. D. MILLER AND P. R. ELLIKER	273
<i>Effect of Quaternary Ammonium Compounds on Activity of Lactic Acid Starter Bacteria in Milk and Cheese.</i> D. D. MILLER AND P. R. ELLIKER.....	279
<i>Abstracts of Literature</i>	A19

Vol. XXXIV, No. 3, March, 1951
