

JOURNAL OF DAIRY SCIENCE

September 1968

Volume 51, Number 9

CONTENTS

NEWS AND EVENTS.....	5
GENERAL INTEREST:	
Administrative Information.....	1
Sixty-third Annual Meeting of the ADSA.....	1515
Officers, Committees, and Representatives of the ADSA.....	1541
Call for Papers for the Sixty-fourth Annual Meeting of the ADSA.....	1554
Proposed Revision of the Constitution and By-Laws of the ADSA.....	1555
RESEARCH PAPERS:	
Water Vapor Sorption Properties of Various Dried Milks and Wheys. E. Berlin, B. A. Anderson, and M. J. Pallansch.....	1339
Effects of Heat on Sulfhydryl and Disulfide Groups of Milk Proteins as Measured by the Spectrofluorometric Method. T. R. Pofahl and D. G. Vakaleris.....	1345
Effect of Calcium, N-Ethylmaleimide and Casein upon Heat-Induced Whey Pro- tein Aggregation. C. V. Morr and R. V. Josephson.....	1349
Effectiveness of Laminar Air Flow for Controlling Air-borne Contamination. D. R. Heldman, T. I. Hedrick, and C. W. Hall.....	1356
Influence of Added Sodium Chloride in Grain Ration on the Freezing Point of Milk. B. J. Demott, S. A. Hinton, E. W. Swanson, and J. T. Miles.....	1363
Operating Characteristics of Single-Stem Flow-Diversion Valves. R. W. Dickerson, Jr., and R. B. Read, Jr.....	1366
New Method for Stripping Iodine-131 from the Anion Exchange Resin Used to Remove Radionuclides from Milk. J. P. Walker, B. F. Rehnberg, and I. B. Brooks.....	1373
Potassium Depletion in Lactating Dairy Cows. K. Pradhan and R. W. Hemken.....	1377
Effect of Feeding Safflower Oil on the Composition of Absorbed Fatty Acid in Grazing Cows. J. C. Wadsworth.....	1382
Heritabilities and Repeatabilities of Milk and Milk Fat Production by Lactations. D. F. Butcher and A. E. Freeman.....	1387
Responses of Calves Fed Diets Supplemented with Different Sources of Nitro- gen and with Volatile Fatty Acids. A. E. Miron, D. E. Otterby, and V. G. Pursel.....	1392
Genetic Interrelationships of Holstein Milk Composition and Yield. S. N. Gaunt, C. J. Wilcox, B. R. Farthing, and N. R. Thompson.....	1396
Urea for Lactating Dairy Cattle. IV. Effect of Urea versus No Urea in the Con- centrate on Production Performance in a High-Producing Herd. J. B. Holter, N. F. Colovos, and W. E. Urban, Jr.....	1403
Genetic and Environmental Relationships Among Efficiency, Yield, Consumption and Weight of Holstein Cows. N. W. Hooven, Jr., R. H. Miller, and R. D. Plowman.....	1409
Active Transport of Glycine by Rumen Epithelium of Betal Goats. Dewan Chand, S. D. Varma, and R. P. S. Kushwaha.....	1420
Influence of the Dwarf Characteristic on Composition and Feeding Value of Near-Isogenic Pearl Millets. J. C. Johnson, Jr., R. S. Lowrey, W. G. Monson, and G. W. Burton.....	1423

Fertility of Bull Semen with Added Amylase. K. T. Kirton, L. J. Boyd, and H. D. Hafs.....	1426
Fermentation Balance Approach to Estimate Extent of Fermentation and Efficiency of Volatile Fatty Acid Formation in Ruminants. E. R. Orskov, W. P. Flatt, and P. W. Moe.....	1429
Effects of Temporary Hormonal Suppression of Lactation on Milk Constituents, Clinical Mastitis, Colostrum, and the Estrous Cycle. E. V. Caruolo and R. D. Mochrie.....	1436
Urea-Treated Corn Silage as the Only Forage for Lactating Cows. C. E. Polan, J. T. Huber, R. A. Sandy, J.W. Hall, Jr., and C. N. Miller.....	1445
Apparent and True Digestibility of Forage Nutrients by Ruminant Animals. M. W. Colburn, J. L. Evans, and C. H. Ramage.....	1450
Ingestion Control in Growing Ruminant Animals by the Components of Cell-wall Constituents. M. W. Colburn, J. L. Evans, and C. H. Ramage.....	1458
Variation of Milk Records Within Paternal-Sib Groups. L. D. Van Vleck.....	1465
Nutritive Value of Sorghum Silage as Influenced by Grain Content. George Ward and E. F. Smith.....	1471
Induction of Hypothalamic Aphagia and Adipsia in Goats. Clifton A. Baile, Arthur W. Mahoney, and Jean Mayer.....	1474
Influence of Varying Rumen Temperature on Central Cooling or Warming and on Regulation of Voluntary Feed Intake in Dairy Cattle. Asok Nath Bhattacharya and R. G. Warner.....	1481
Effects of Intravenous versus Intraruminal Injections of Acetate on Feed Intake of Goats. Clifton A. Baile and Jean Mayer.....	1490
Effects of Insulin-Induced Hypoglycemia and Hypoacetoemia on Eating Behavior in Goats. Clifton A. Baile and Jean Mayer.....	1495

TECHNICAL NOTES:

Combined Process for Removing Radioactive Iodine and Strontium from Milk by Ion Exchange. W. H. Stroup, A. L. Reyes, G. K. Murthy, R. B. Read, Jr., and R. W. Dickerson, Jr.	1500
Rapid Evaluation of Milk Coagulating and Flavor Producing Enzymes for Cheese Manufacture. G. H. Richardson and J. H. Nelson.....	1502
Solids Distribution in a Milk Smear Containing Algal- ¹⁴ C-Protein. C. L. Duitschaever and G. C. Ashton.....	1504
Influence of Supplemental Acetate Feeding on the Voluntary Intake of Cattle Fed Green Corn and Corn Silage. D. A. Dinius, D. L. Hill, and C. H. Noller.....	1505
Strontium-90 and Cesium-137 Levels in the Milks of Some Arctic Species. B. E. Baker, B. H. Lauer, and E. R. Samuels.....	1508

OUR INDUSTRY TODAY:

Optimum Size of Dairy Plants as Determined by Survivor Analysis. S. W. Williams and D. A. Vose.....	1511
--	------

ASSOCIATION AFFAIRS:

Sixty-third Annual Meeting of the ADSA.....	1515
Officers, Committees, and Representatives of the ADSA.....	1541
Call for Papers for the Sixty-fourth Annual Meeting of the ADSA.....	1554
Proposed Revision of the Constitution and By-Laws of the ADSA.....	1555
