

Journal of Dairy Science

February 1971

Volume 54, Number 2

CONTENTS

NEWS AND EVENTS	4
GENERAL INTEREST:	
Administrative Information.....	3
International Symposium on Livestock Waste.....	4
RESEARCH PAPERS:	
Crystalline Milk-Clotting Protease from <i>Mucor miehei</i> and Some of Its Properties. M. Z. Sternberg.....	159
Formation of Dimethyl Sulfide by <i>Propionibacterium shermanii</i> ATCC 9617. G. J. Dykstra, D. L. Drerup, A. L. Branen, and T. W. Keenan.....	168
Organoleptic Properties of Foam Spray-Dried Products Made from Deodorized Milk Fat and Skimmilk. F. E. Kurtz, A. Tamsma, and M. J. Pallansch.....	173
Heat-Induced Milk Gels. II. Preparation of Gels and Measurement of Firmness. Miloslav Kalab, Peter W. Voisey, and Douglas B. Emmons.....	178
Continuous Curd Tension Measurements During Milk Coagulation. G. H. Richardson, N. R. Gandhi, M. A. Divatia, and C. A. Ernstrom.....	182
Effect of Seventeen Milk Pricing Systems on Producer's Price of Milk. J. K. Hillers, L. J. Manus, M. V. Waananen, M. F. Miller, L. J. Christensen, and F. R. Johnson.....	187
Response to Selection of Breeding Stock for Milk Solids Production. C. G. Hickman.....	191
Selection on Test-Day Fat Percentage and Milk Production. J. F. Keown and L. D. Van Vleck.....	199
Influences of Calcium Intake and Vitamin D Supplementation on Reproductive Performance of Dairy Cows. George Ward, G. B. Marion, C. W. Campbell, and J. R. Dunham.....	204
Effect of Production and Ration Composition on Production Performance of Cows Fed Mixed Rations of Corn Silage and Concentrates. S. L. Spahr and K. E. Harshbarger.....	207
Feed Energy Requirements for Different Rates of Growth of Dairy Heifers. E. W. Swanson.....	217

Urea-Treated Corn Silage in Low Protein Rations for Lactating Cows. J. T. Huber and J. W. Thomas.....	224
Nutritive Value of <i>Kochia scoparia</i> . II. Intake and Digestibility of Forage Harvested at Different Maturity Stages. L. G. Finley and L. B. Sherrod.....	231
Variations in the Amount and Relative Distribution of Vitamin B ₁₂ and Its Analogs in the Bovine Rumen. L. P. Dryden and A. M. Hartman.....	235
Variation in Portal Blood Flow Measured by Dye-Dilution in Young Calves. A. D. McGilliard, J. W. Thorp, and S. L. Thorp.....	247
Ethanol Intoxication in Calves Fed Certain Milk Replacers. R. K. Abe, J. L. Morrill, R. Bassette, and F. W. Oehme.....	252
Effect of Fat Source on Relative Activity of Pregastric Esterase and on Glyceride Composition of Intestinal Contents. K. L. Siewert and D. E. Otterby.....	258
Effect of Monosodium Glutamate in Starter Rations on Feed Consumption and Performance of Early Weaned Calves. D. E. Waldern and R. D. Van Dyk.....	262
Alterations in Blood and Milk Lipids Produced by Administration of Triton WR-1339. T. Randall Wrenn, Joan R. Weyant, Richard W. Miller, and Joel Bitman.....	266
Corticosteroid Induced Changes in Plasma Amino Acids and Thyroid Activity in Dairy Cows Treated Early or Late During Lactation. W. Stockl and W. Jochle.....	271
'TECHNICAL NOTES:	
Isolation of Nitrosoguanidine-Induced Mutants of <i>Streptococcus diacetilactis</i> with Enhanced Ability to Produce Acetoin and Diacetyl. Linda F. Chuang and E. B. Collins.....	282
Immunity to Mastitis. A. K. Lascelles, D. D. S. Mackenzie, and P. M. Outteridge.....	284
Biopsy of Liver, Adipose Tissue and Mammary Gland of Lactating Cows. W. D. Oxender, E. W. Askew, J. D. Benson, and R. S. Emery.....	286
Modified Procedure for Isolation of a Major Swine Whey Protein. S. B. Jones and E. B. Kalan.....	288
Body Weights of Dairy Cattle With and Without Access to Water. G. E. Stoddard and R. C. Lamb.....	292
