

Journal of Dairy Science

July 1973

Volume 56, Number 7

CONTENTS

NEWS AND EVENTS	4
GENERAL INTEREST:	
Administrative Information	3
RESEARCH PAPERS:	
Milk Gel Structure. I. Application of Scanning Electron Microscopy to Milk and Other Food Gels. Miloslav Kalab and V. R. Harwalkar	835
Effect of Methanol on the Various Forms of Lactose. S. G. Lim and T. A. Nickerson	843
Reduction of Shelf-life of Dairy Products by a Heat-stable Protease from <i>Pseudomonas fluorescens</i> P26. C. H. White and R. T. Marshall	849
Mark II Pro-Milk Tester for Estimation of Protein Percentage in Plant Milk Supplies. L. Szijarto, D. A. Biggs, D. M. Irvine, and D. W. Stanley	854
Isolation and Characterization of Intracellular Lipid Droplets from Bovine Mammary Tissue. L. F. Hood and S. Patton	858
Influence of Large Doses of Oxytocin on Milk Ejection and Metabolic Rate of Rat Mammary Gland. E. R. Kuhn, L. De Ryck, and F. C. M. Wuytack	864
Yield and Protein Composition in Cows Milked Prepartum. Y. Zeliger, R. Volcani, and D. Sklan	869
Physiological, Environmental, and Hormonal Factors at Insemination Which May Affect Conception. F. C. Gwazdauskas, W. W. Thatcher, and C. J. Wilcox	873
Uterine Changes Associated With Impaired Fertility in the Dairy Cow. P. T. Cupps	878
25-Hydroxycholecalciferol (25-OHD ₃) I. Treatment for Parturient Paresis. W. G. Olson, N. A. Jorgensen, A. N. Bringe, L. H. Schultz, and H. F. DeLuca	885
25-Hydroxycholecalciferol (25-OHD ₃) II. Efficacy of Parenteral Administration in Prevention of Parturient Paresis. W. G. Olson, N. A. Jorgensen, L. H. Schultz, and H. F. DeLuca	889
Mammary Blood Flow and Glucose Uptake in Lactating Cows Given Dexamethasone. P. E. Hartmann and D. S. Kronfeld	896

Glucose Redistribution in Lactating Cows Given Dexamethasone. D. S. Kronfeld and P. E. Hartmann	903
Whey Components in Restricted-Roughage Rations, Milk Composition, and Rumen Volatile Fatty Acids. D. J. Schingoethe, P. E. Stake, and M. J. Owens	909
Corn Silage With and Without Grass Hay for Lactating Dairy Cows. J. B. Holter, W. E. Urban, Jr., W. S. Kennett, and C. J. Sniffen	915
Nutritive Value of <i>Kochia scoparia</i> . III. Digestibility of Kochia Hay Compared with Alfalfa Hay. L. B. Sherrod	923
Protein Required in Starters for Calves Fed Milk Once or Twice Daily. J. L. Morrill and S. L. Melton	927
Expansion-extrusion Processed Sorghum Grain and Soybeans in Diets of Dairy Calves. L. B. Daniels, R. M. Winningham, and Q. R. Hornsby	932
TECHNICAL NOTES:	
Error in Estimation of Contained Milk Volume in the Dairy Goat with Cerium-141. C. E. Sagan, M. B. Snipes, and F. W. Lengemann	935
Column Chromatography of 2-Aminoethylphosphonic Acid. R. I. Mackie	939
SYMPOSIUM: AGE ADJUSTMENT:	
Age Adjustment of Production Records: History and Basic Problems. A. E. Freeman	941
Herd-Level Methods for Age Adjustment of Milk Yields. C. G. Hickman	947
A Recent Study of Age Adjustment. Paul Miller	952
Merits and Problems of Adjusting to Other Than Mature Age. B. T. McDaniel	959
OUR INDUSTRY TODAY:	
Minimum Number of Fresh Milk Samples: A Test of the Theory. N. H. Pelsue, Jr.	968
BOOK REVIEW:	
Handbook of Food Additives. J. E. Kinsella	972
