NEWS AND EVENTS	4
GENERAL INTEREST:	
Administrative Information	3
Call for Papers for the 1980 Annual Meeting of ADSA	1856
RESEARCH PAPERS:	
Estimating Values of Milk Components to a Dairy Manufacturer. G. W. Ladd and J. R. Dunn	1705
Process Cheddar Cheese from Plain and Enzyme Treated Retentates. V. K. Sood and F. V. Kosikowski	1713
New Chromophoric Peptide Substrates for Chymosin (Rennin). M. N. Raymond and E. Bricas	1719
Metabolism of N-Acetylglucosamine and Glucose in Membranes from Lactating Bovine Mammary Tissue. D. E. Lewis and I. K. Vijay	1726
Mammary Transfer of Vitamin E in Cows Treated with Vitamin A or Linoleic Acid. M. R. Yeargan, S. Oshidari, G. E. Mitchell, Jr., R. E. Tucker, G. T. Schelling, and R. W. Hemken	1734
How Concentrate Feeding Affects Glucoregulatory Hormones in Ruminants: Implications in Bovine Ketosis. R. Berzins and J. G. Manns	1739
Assay for Vitamin D ₂ and Vitamin D ₃ in Plasma of Dairy Cows: Changes after Massive Dosing of Vitamin D ₃ . R. L. Horst and E. T. Littledike	1746
Response of High Producing Dairy Cows Fed Alfalfa Hay and Corn Silage to Supplemental Protein and Urea. F. R. Murdock and A. S. Hodgson	1752
Potassium Toxicity and Acid-Base Balance from Large Oral Doses of Potassium to Young Calves. M. W. Neathery, D. G. Pugh, W. J. Miller, R. H. Whitlock, R. P. Gentry, and J. C. Allen	1758
Colostrum Immunoglobulin Transfer in Calves. II. The Rate of Absorption. G. H. Stott, D. B. Marx, B. E. Menefee, and G. T. Nightengale	1766
Estimation of Milk Producing Ability of Holstein Cows. S.-C. Chyr, A. E. Freeman, and J. Berger	1774
Heritabilities and Genetic Correlations for the First Three Lactations from Records Subject to Culling. A.K.W. Tong, B. W. Kennedy, and J. E. Moxley	1784

Effects of Forced Exercise on Two-Year-Old Holstein Heifers. R. C. Lamb, B. O. Barker, M. J. Anderson, and J. L. Walters	1791
---	------

TECHNICAL NOTES:

Sensitive Assay for Proteases in Sterile Milk. G. W. Chism, A. E. Huang, and J. A. Marshall	1798
Absence of Fatty Livers in Rhesus Monkeys Fed Orotic Acid. M. Korycka-Dahl, T. Richardson, C. H. Amundson, and J. R. Allen.	1801
Oral Nicotinic Acid as a Treatment for Ketosis. T. J. Fronk and L. H. Schultz	1804
Evaluation of a Feed Intake Stimulant for Dairy Calves. R. B. Muntifering, C. B. Theurer, and J. D. Schuh	1808
Adrenal Response to Adrenocorticotropin in Holstein Heifers Exposed to a Cool Environment. F. C. Gwazdauskas and W. E. Vinson.	1811
Endogenous Production of Immunoglobulin IgG1 in Newborn Calves. J. E. Devery, C. L. Davis, and B. L. Larson	1814
Analysis of Censored Data for Such as Colostral Immunoglobulin Transfer in Calves. D. B. Marx and G. D. Stott	1819
Testosterone Concentrations in Plasma of Dairy Cows with Ovarian Cysts. D. J. Kesler, H. A. Garverick, A. B. Caudle, C. J. Bierschwal, R. G. Elmore, and R. S. Youngquist	1825

OUR INDUSTRY TODAY:

Milk Progesterone Testing: Application to Herd Management. J. M. Booth	1829
An Early Weaning Calf Program: Summarization and Review. A. F. Kertz, L. R. Prewitt, and J. P. Everett, Jr..	1835
Teacher Training for Graduate Students in Animal Sciences. W. R. Boone, J. F. Dickey, and D. F. Keller	1844
Contract Learning: A Technique for Motivating Dairy Science Students. W. R. Boone, J. F. Dickey, and D. F. Keller	1848

**SYMPOSIUM: NEEDS FOR PROFESSIONALS AND CURRENT STATUS FOR
EDUCATING PEOPLE IN THE DAIRY INDUSTRY**

Current Status for Education of People in the Dairy Industry at the Vocational Level. W. G. Koene.	1852
