

Journal of Dairy Science

June 1986

Volume 69, Number 6

CONTENTS

NEWS AND EVENTS	5
GENERAL INTEREST:	
Administrative Information	4
Student Affiliate Division Articulate	11
Memorial – Eugene L. Jack	1752
DAIRY FOODS RESEARCH PAPERS:	
Cottage Cheese from Ultrafiltered Skim Milk Retentates in Industrial Cheese Making. K. S. Kealey and F. V. Kosikowski	1479
Application of Retentate Starter Produced from Ultrafiltered Milk to the Manufacture of Cheddar Cheese. V. V. Mistry and F. V. Kosikowski	1484
Effects of Some Chemical and Physical Treatments on Proteolysis in Milk. Hsien-Yeh-Hsu and W. F. Shipe	1491
Concentration of Milk and Whey Using Composite, Spiral Wound, Reverse Osmosis Membranes. P. L. Spangler and C. H. Amundson	1498
Detection of Penicillin, Cephapirin, and Cloxacillin in Commingled Raw Milk by the Spot Test. J. J. Ryan, E. E. Wildman, A. H. Duthie, H. V. Atherton, and J. A. Alcong	1510
Thermal Conductivity and Heat Capacity of Dulce de Leche, a Typical Argentine Dairy Product. G. Hough, O. Moro, and J. Luna	1518
PRODUCTION RESEARCH PAPERS:	
Effect of Dry Period Versus Continuous Milking on Periparturient Concentrations of Bovine Prolactin in Milk from Half Udders. P. V. Malven, H. H. Head, and R. J. Collier	1523
Effect of Exogenous Bovine Somatotropin on Pubertal Mammary Development in Heifers. K. Sejrsen, J. Foldager, M. T. Sorensen, R. M. Akers, and D. E. Bauman	1528
Artificial Induction of Lactation in Cattle: Initiation of Lactation and Estrogen and Progesterone Concentrations in Milk. G. J. Sawyer, W. J. Fulkerson, G. B. Martin, and C. Gow	1536
Influence of Amount of Feed Intake and Forage Physical Form on Digestion and Passage of Prebloom Alfalfa Hay in Dairy Cows. R. D. Shaver, A. J. Nytes, L. D. Satter, and N. A. Jorgensen	1545

Rumen Clearance Rates in Relation to the Occurrence of Alfalfa Bloat in Cattle. 1. Passage of Water-Soluble Markers. W. Majak, J. W. Hall, L. M. Rode, and C. M. Kalnin	1560
Effect of Steroidal Sapogenins on Ruminant Fermentation and on Production of Lactating Dairy Cows. F. R. Valdez, L. J. Bush, A. L. Goetsch, and F. N. Owens	1568
Insoluble Nitrogen for Milk Production in Holstein Cows via Increases in Voluntary Intake and Nitrogen Utilization. E. M. Crish, J. E. Wohlt, and J. L. Evans	1576
Effect of Forage Maturity on Ration Digestibility and Production by Dairy Cows. R. M. Cleale, IV, and L. S. Bull	1587
Effects of Sodium Bicarbonate, Magnesium Oxide, and a Commercial Buffer Mixture in Early Lactation Cows Fed Hay Crop Silage. M. R. Stokes, L. L. Vandemark, and L. S. Bull	1595
Utilization of Pasture by Lactating Cows. C. E. Polan, R. E. Blaser, C. N. Miller, and D. D. Wolf.	1604
Trends in Estimated Transmitting Ability from Sire Evaluations Based on Different Lactations. B. G. Cassell, K. L. Lee, G. Kroll, and H. D. Norman	1613
Evaluation of Corrective Mating for Type Traits in Jersey Cattle. C. L. Thomas, W. E. Vinson, R. E. Pearson, H. D. Norman, and E. P. Barton	1618
Semen Fertility – An Evaluation System for Artificial Insemination Sires, Technicians, Herds, and Systematic Fixed Effects. R. W. Everett and B. Bean.	1630

PRODUCTION TECHNICAL NOTES:

β -Lactoglobulin and α -Lactalbumin in Mammary Secretions During the Dry Period: Parallelism of Concentration Changes. W. L. Hurley and J. J. Rejman	1642
Fish Meal or Cottonseed Meal as Supplemental Protein for Growing Holstein Steers. M. L. Thonney and D. E. Hogue.	1648
Heritability Estimates for First Lactation Milk Yield of Registered and Nonregistered Holstein Cows. J. C. Schneider and L. D. Van Vleck	1652

OUR INDUSTRY TODAY:

Dairy Ration Formulation and Evaluation Program for Microcomputers. D. T. Galligan, J. D. Ferguson, C. F. Ramberg, Jr., and W. Chalupa	1656
Synchronization of Estrus in Dairy Heifers: A Field Demonstration. R. L. Fogwell, W. A. Reid, C. K. Thompson, M. J. Thome, and D. A. Morrow	1665
Reproductive Practices and Results in Dairies Using Owner or Professional Inseminators. E. C. Schermerhorn, R. H. Foote, S. K. Newman, and R. D. Smith	1673

Impact of Trait Maximized on Sire Averages from Computerized Sire Selection.
T. F. Beudry, B. G. Cassell, M. L. McGilliard, and G. Kroll 1686

Evaluation of .5% and 1% Iodophor Teat Dips on Commercial Dairies.
S. C. Nickerson, J. L. Watts, R. L. Boddie, and J. W. Pankey 1693

**SYMPOSIUM: REDUCING SOMATIC CELL COUNTS:
 MEETING THE 1986 CHALLENGE**

Impact on Producer and Processor.
G. M. Jones 1699

Effective Use of Dairy Herd Improvement Somatic Cell Counts in Mastitis Control.
J. K. Reneau. 1708

Management of Dry Cows to Reduce Mastitis.
R. J. Eberhart. 1721

Mammary Leukocyte Response to Drug Therapy.
S. C. Nickerson, M. J. Paape, R. J. Harmon, and G. Ziv. 1733

SYMPOSIUM: CYTOGENETICS AND CELL BIOLOGY

Interrelationships Between Recent Developments in Molecular Genetics and Cytogenetics and Animal Breeding.
N. S. Fechheimer. 1743

ASSOCIATION AFFAIRS:

Student Affiliate Division Articulate 11

Memorial — Eugene L. Jack. 1752

FUTURE ANNUAL MEETINGS

1986 — University of California-Davis, June 23–26
 1987 — University of Missouri, June 21–24
